

## **Montana Senate Conservation Hotlist Week 6: February 8, 2021**

---

### **Please Support:**

**SB 94, Establishing Indigenous People's Day, Senator Susan Webber (D-Browning), Senate State Administration, Hearing 2/10, Support.** This bill would create an Indigenous People's Day on the second Monday of October, currently known only as Columbus Day.

**SB 146, Establishing Indigenous People's Day, Senator Shane Morigeau (D-Missoula), Senate State Administration, Hearing 2/10, Support.** SB 146 would remove Columbus Day from the list of legal holidays in Montana, and replace it with Indigenous People's Day.

**SB 147 - Establish commercial property assessed capital enhancements program, Senator Mary McNally (D-Billings), Senate Energy, Executive Action, Support.** Montana businesses often face high utility bills due to old or inefficient buildings. The upfront cost of upgrades poses a major financial challenge, especially when small businesses' pocketbooks are stretched thin. SB 147 establishes a program to overcome this financing gap by leveraging private dollars for energy efficiency upgrades. The financing is paid back through a line item assessment on the property's annual or biannual property tax. This program is voluntary once enabled and counties opt-in to participate. This bill would boost economic development for main street Montana, and help create an environment where businesses are able to thrive, create good-paying jobs, and increase opportunities for all Montanans. *Contact Makenna Sellers, NPRC, at 406-850-4491 or [makenna@northernplains.org](mailto:makenna@northernplains.org).*

**HB 21 - Authorize funding for the multifamily coal trust home loan program, Rep. Geraldine Custer (R-Forsyth), Senate Finance and Claims, Executive Action, Support.** HB 21 increases the amount of loans administered from the coal tax trust fund for development of low and moderate income housing projects from \$15 million to \$30 million and modifies the interest and terms of those loans. These changes will work to facilitate more affordable housing options for Montanans, and will grow the size of the coal trust tax fund via repayment of loans. *Contact Mayre Flowers, MT Smart Growth Coalition, 406-253-0872*

**SJ 3 - Provide for a feasibility study of advanced nuclear reactors, Senator Terry Gauthier (R-Helena) Senate Energy, Executive Action, Support.** SJ 3 would request an interim legislative committee study the safety, waste stream, community concerns, economic feasibility, and benefits of using advanced nuclear technology at Colstrip. *Contact Anne Hedges, MEIC, at 461-9546 or [ahedges@meic.org](mailto:ahedges@meic.org)*

### **Please Oppose:**

**SB 84 - Generally revise consumer committee laws, Senator Duane Ankney (R-Colstrip) Senate Energy, Executive Action, Oppose.** This bill would make it much more difficult for the Montana Consumer Counsel to protect Montanans from utilities who want to overcharge customers. The Montana Consumer Counsel is the only entity constitutionally charged with protecting consumers from monopoly utilities in proceedings before the PSC. The Consumer Counsel is a very small office that hires experts and consultants to help review utility filings and argue for consumer protections before the PSC. This bill makes it harder for the Consumer Counsel to do so. *Contact Makenna Sellers, NPRC, at 406-850-4491; [makenna@northernplains.org](mailto:makenna@northernplains.org) or Anne Hedges, MEIC, at 461-9546; [ahedges@meic.org](mailto:ahedges@meic.org).*

**SB 111 - Revising laws re conditional hunting permits for disabled persons, Senator Brad Molnar, (R-Laurel) Second Reading, Oppose.** This bill would enter crossbows into the archery season for some hunters, despite an existing allowance to modify equipment for some disabled hunters. *Contact Marcus Strange, MWF, at 814-571-0203 or [mstrange@mtwf.org](mailto:mstrange@mtwf.org).*

## **House Conservation Hotlist, 02/08/2021**

**SB 143 - Generally revise laws re Class B-10 and Class B-11 elk and deer licenses, Senator Jason Ellsworth (R-Hamilton) Senate Fish and Game, Hearing 2/02, Oppose.** This bill would create outfitter-sponsored licenses for the majority of non-resident big game hunting licenses. It would lead to more leasing of private lands to public hunters, limit opportunity for do-it-yourself hunters and further impede wildlife management. *Contact Nick Gevock, MWF, at 533-9432 or [ngevock@mtwf.org](mailto:ngevock@mtwf.org)*

**SB 161 - Allow certain subdivisions to qualify for an expedited review, Senator John Esp (R-Big Timber) Senate Local Government, Executive Action, Oppose.** SB 161 would create an expedited subdivision review process that would allow a subdivider to bypass important environmental and public services review processes. It would exempt qualifying subdivisions from preparation of an environmental assessment, and exempts them from the primary review criteria which covers impacts to agriculture, wildlife and wildlife habitat, and local services and facilities making it difficult to mitigate impacts regardless of the number of lots contained in the proposed subdivision. *Contact Mayre Flowers, MT Smart Growth Coalition, 406-253-0872 or Anne Hedges, MEIC, at 461-9546 or [ahedges@meic.org](mailto:ahedges@meic.org).*

**SB 164 - Revise non-degradation standards for nitrates, Senator Carl Glimm (R-Kila) Senate Natural Resources, Executive Action, Oppose.** This bill would increase the standards for allowable pollution of nitrates to 10 milligrams per liter. Nitrates are commonly associated with sewage. This is the maximum pollution allowed under the Clean Water Act, and will likely lead to violations of narrative water quality standards for fishable, swimmable, and drinkable rivers and streams. *Contact Derf Johnson, MEIC, at 406-581-4634 or [djohnson@meic.org](mailto:djohnson@meic.org).*

**SB 165 - Generally revise laws related to the department of environmental quality, Senator Carl Glimm (R-Kila) Senate Local Government, Executive Action, Oppose.** This bill would eliminate sanitation review for subdivisions of land that are greater than 500 feet from surface waters and exempt minor subdivisions of land from having to conduct a storm drainage review. It also appears to exempt expansions of systems designed for wastewater disposal, storm water, and solid waste disposal from review. *Contact Derf Johnson, MEIC, at 406-581-4634 or [djohnson@meic.org](mailto:djohnson@meic.org).*

**SB 98, Revising laws related to grizzly bear take in defense of persons and livestock, Senator Butch Gillespie (R-Ethridge) Second Reading, Oppose.** This bill would redefine when a grizzly bear can be killed to include threatening livestock. The language would replace language approved by the U.S. Fish and Wildlife Service to assure adequate mechanisms to maintain grizzly bears post delisting from the endangered species list, and ensure that grizzlies are never delisted in Montana. *Contact Nick Gevock, MWF, at 533-9432 or [ngevock@mtwf.org](mailto:ngevock@mtwf.org)*

*The Weekly Hotlist is published as an educational service to lawmakers and citizens by the Conservation Working Group, composed of the organizations listed below. Contact Jake Brown, Montana Conservation Voters at 406-855-7821 or Whitner Chase, Montana Conservation Voters at 407-235-8203*
