Please Support:

HB 353 - Authorize replacement hunting license when harvested game unfit for consumption, Rep. Steve Gunderson (R-Libby) Senate Fish and Game, Hearing 3/9, Support. Hunters would be able to get a replacement license when a big game animal is unfit for consumption due to chronic wasting disease under this bill. Contact Nick Gevock, MWF, at 533-9432 or ngevock@mtwf.org

Please Oppose:

- **SB 143 Generally revise laws re Class B-10 and Class B-11 elk and deer licenses,** Senator Jason Ellsworth (R-Hamilton), Senate Finance and Claims, Oppose. This bill would create outfitter-sponsored licenses for the majority of non-resident big game hunting licenses. It would lead to more leasing of private lands to public hunters, limit opportunity for do-it-yourself hunters and further impede wildlife management. Contact Nick Gevock, MWF, at 533-9432 or ngevock@mtwf.org
- SB 323 Generally revise Montana Administrative Procedure Act, Senator Chris Friedel (R-Billings), Senate Finance and Claims, Oppose. This bill would prohibit state agencies from adopting any rule if it may cost more than \$1 million to businesses. \$1 million is a very low threshold for rules that have widespread impact, impact hunting on private lands, or that require installation of pollution control equipment. Only the legislature would have the authority to adopt such rules, putting the executive branch, that is in charge of adopting rules, at the mercy of the legislative branch. This would increase political pressure and prevent agencies from implementing important programs including those that are required under federal law, such as the clean air act, the clean water act, solid and hazardous waste laws and so much more. SB 323 applies to all government rules including those at the Departments of Public Health and Human Services, Revenue, Business & Labor, Commerce, Fish Wildlife & Parks, Environmental Quality and others. Contact Anne Hedges, MEIC, at 461-9546 or ahedges@meic.org
- **HB 259 Revise property and zoning laws**, Representative Sue Vinton (R-Billings), Senate Local Government, Oppose, Hearing 03/12. HB 259 preempts local control of housing and zoning, restricting the ability of local governments to make decisions for their communities and address affordable housing in ways that work for individual communities. *Contact Jared Sousa*, *Montana Smart Growth Coalition*, 253-320-0691.
- HB 281 Revise Laws related to e-bikes, Rep. Steve Gunderson (R-Libby), Senate Highways and Transportation, Hearing 3/09, Oppose. This bill defines e-bikes as non-motorized vehicles, and creates three management classes for them based on their power and distance potential. This bill creates management issues for local governments by allowing certain classes of e-bikes anywhere that bicycles are able to go. The bill drives a wedge between the biking community and other backcountry trail users. The proposed definition is also in opposition to the currently proposed Forest Service definition of e-bikes. Contact Whitner Chase, MCV, at 407-235-8203 or wchase@mtvoters.org
- HB 318 Clarify definition of bison, Rep. Kenneth Holmlund (R-Miles City), Senate Agriculture, Hearing 3/09, Oppose. This bill changes the definition of "wild bison" or "wild buffalo" to include "has not been reduced to captivity", "never has been subject to a per capita fee under 15-24-921, and "has never been owned by a person." The changes may mean that even Yellowstone National Park bison held captive for quarantine would be treated as livestock. Contact Amy Seaman, Montana Audubon, at 406-210-9449 or aseaman@mtaudubon.org
- **HB 475 Revise renewable portfolio standard to include hydropower,** Rep. Derek Skees (R-Kalispell), Third Reading, Oppose. This bill would add nuclear power, a nonrenewable power source, into the definition of what is considered renewable energy under the renewable portfolio

Senate Conservation Hotlist, 03/8/2021

standard. The bill would also include pre-2005 hydropower infrastructure in this definition, which was purposefully left out of the renewable portfolio standard to encourage innovation in new energy development. *Contact Whitner Chase, MCV, at 407-235-8203 or wchase@mtvoters.org.*

- HB 481 Protect critical infrastructure, Rep. Steve Gunderson (R-Libby), Third Reading, Oppose. The bill would severely increase penalties for trespassing on or tampering with energy infrastructure property, despite existing laws that cover trespassing and vandalization. HB 481 would have huge repercussions for farmers and ranchers with energy infrastructure on their land; if, for instance, a rancher backed into an exposed pipeline with a tractor, they could be liable for felony charges and extremely high fines. It could also threaten to bankrupt organizations deemed "guilty by association" for acts of vandalism that they did not cause. The bill intimidates Montanans from using their first amendment rights to peaceful protest with vague language and harsh reprimands. Contact Makenna Sellers, NPRC, at 406-850-4491 or makenna@northernplains.org
- **HB 498 Clarify jurisdiction of board of oil and gas conservation**, Rep. Steve Gunderson (R-Libby), Oppose. HB 498 would make it more difficult for local governments to place reasonable sideboards and conditions on oil and gas development that occurs within a zoning district. Under citizen-initiated zoning, citizens are able to create bottom-up decisions regarding the future of their communities. This could take away the ability for local communities to place reasonable restrictions on oil and gas development, such as water quality protections, best practices for fire prevention, etc. Contact Anne Hedges, MEIC, at 461-9546 or ahedges@meic.org.
- HB 527 Require draft proposals before initiating a county zoning/planning board, Rep. Fiona Nave (R-Columbus), Oppose. HB 527 had NO proponents and was opposed by the MT Assn of Realtors, Montana Assn of Counties, MEIC, & Ditizens in Stillwater County. HB 527 would functionally eliminate citizen-initiated zoning (CIZ) districts for the entire state. These CIZ's have been used to protect property rights well over 100 times across to the state from Ravalli County (that has 41 CIZ districts) to Richland County and many, many places in between. Contact Anne Hedges, MEIC, at 461-9546 or ahedges@meic.org.
- **HB 576 Repeal the renewable portfolio standard,** Rep. Jerry Schillinger (R-Circle), Oppose. This bill would repeal the renewable portfolio standard, which has been a significant driver of economic and renewable energy development in Montana since 2005. Contact Conor Ploeger, MEIC, at 443-2520 or cploeger@meic.org.
- **HB 599 Generally revise opencut laws,** Rep. Steve Gunderson (R-Libby), Oppose. HB599 is a radical re-write of gravel pit laws to cut the public out of the permitting process in most instances. The bill eliminates dozens of requirements for gravel pit operators, prohibits DEQ from: limiting the hours of operation of pits; requiring range or wildlife "fire prevention and control" measures; and consideration of acid mine drainage or sedimentation on adjoining lands or waterways. Finally, it completely excludes notification and involvement of neighboring landowners in most gravel pit permitting process. *Contact Anne Hedges, MEIC, at* 461-9546 or ahedges@meic.org.
